

Ocean, LED-downlight, 230V, 7W, 2700K, IP44

Item: 7477263

MALMBERGS

Product information

At Malmbergs, we are always looking for new ways to reduce our impact on the environment. That's why we have developed Ocean, a spotlight made from recycled ocean plastic, collected directly from our seas. By reducing our plastic footprint, Malmbergs is leading the way towards cleaner beaches and fishing grounds with reliability and transparency. To further minimize our climate impact, we deliver the product in a simple cardboard box, with as little packaging as possible.

For recessed mounting. Connection to fast terminal block 4x2.5 mm². Complete with driver. Dimmable with transistor dimmer with trailing edge technology (RC).

Specifications

Beam angle	40°
Brand	Malmbergs Pro
Certificate	CE, RoHS
Colour	White
Colour consistency	4 SDCM
Colour rendering index (CRI)	Ra90
Colour temperature	2700K
Current	350mA
Dimmable	Yes

Ocean, LED-downlight, 230V, 7W, 2700K, IP44

Item: 7477263

MALMBERGS

Dims (ØxH)	90x39 mm
Electrical protection class	II
For hole (Ø)	68-80 mm
IP rating	IP44
Lifetime	LED 30 000 hrs (L80 B10)
Luminous flux	500 lm
Luminous intensity	510 cd
Mounting depth	35 mm
Power	7W
Tilting angle	30°
Voltage	230V
Weight	0,16kg
